

REMARKS

The foregoing amendments to the specification are made to insert the priority claim and sequence identification numbers. Additionally, an apparent typographical error occurring at page 49 has been corrected.

Claims 4-8 have been canceled herein and new claims 69-75 added. Cancellation of claims 4-8 is without prejudice and without intent to abandon any originally claimed subject matter. Applicants expressly reserve their right to pursue the canceled claims again in a subsequent related application.

Claims 2, 3, 9-18, 46, 49-53, 63, 67 and 68 have been amended to correct dependency based on cancellation of certain base claims, as well as to correct typographical errors.

Support for the above amendments and new claims can be found in the claims as originally filed, as well as throughout the specification at, e.g., page 16, lines 1-6; page 17, lines 7-20; page 27, lines 26-29; page 29, lines 13-25.

Applicants respectfully request entry of the above amendments.

Respectfully submitted,

Date: 8/27/03
